

Institutional Distinctiveness

Opening opportunities/ Gateway to opportunities

It all started with the motive to afford an opportunity to the community in general and to those in service in particular, both government and self-supporting students, the college initially started as an evening/night college in 1975.

The vision of Government Aizawl College, then Aizawl College, is to impart higher education in consonance with the motto 'Labor Omnia Vincit' by providing suitable ground to achieve all-round development (of the ability, talent and personality) of the students inline with the vision of the founding fathers and within the regulations of the affiliating university. This is maintained till date.

Government Aizawl College caters to the needs of the society –to help form good habits, to acquire knowledge and improve skills for advancement (then, required for promotion for those in government service), to develop healthy interests and attitudes through education and social services, to uplift the students and involve them in the mainstream of the nation through development of culture, society and economy.

With the setting up of IGNOU Study Centre – 1901 (that democratizes higher education by bringing it to the doorsteps of the learners and provides requirement based academic programmes) in the College since November 1988 and perceptive to the growing need of the dynamic modern society, the College gradually became a day college in the early 2000s catering to the younger generation as to those in service, serving the community by providing suitable ground to achieve all-round development and ensuring that as good citizens they optimize their full potential, then and now.
