ANNUAL QUALITY ASSURANCE REPORT

PART A

The plan of action chalked out by the IQAC of the session 2012-13 for quality enhancement and the outcome achieved by the end of the session.

In the world of rapid development and advanced technology, education cannot be relegated to class room teaching alone. With the facility of instant access to information across the world through internet education is evolving into a rich bastion of knowledge and information. Hence, it is necessary to impart education for enrichment of students with the latest global information through live experiences and other related extension activities for their personality development. The use of modern technology to support teaching has become the need of the hour. It therefore, becomes important for the faculty to be technology literate and for the management to make provisions for the same. Hence the role of the management is that of an overseer and provider with a modern approach to the education process. A special emphasis is to be given for the quality enhancement of academic performance of the faculty and students of the college. In this connection, IQAC made plans to meet the teachers of every department separately to discuss the strategy for enhancement of quality of students' performance; the strength and liabilities of the faculty; and the infrastructure base of the department.

The following plans seek to implement this objective through various programmes in the hope of imparting a well rounded education to the students.
